Dear Sir,

Sub – Letter of Appreciation

We are into import & marketing of cutting tools for automotive industry and have been working on “erPro” for more than 12 years now. The complete concept of inventory tracking MRN wise, passing on excise unit wise & all other legal compliances have been well taken care of.

The customizations of maintaining separate stores for inventory was done for us as per our requirement.

Now after the change in tax system and updations regarding GST were all done well in time and very smoothly.

We have also started working on “erPro” in our other company Radion Global Products as well.

Through this letter, we would like to express our sincere appreciation for being our valuable partner in this journey.

Thanking you,

Yours Sincerely,

For Trigon TS, LLP.
